Re: United States v. Galveston County, Texas, 3:07-CV-377 (S.D. Texas)

Dear Mr. Willey:

This letter follows our conversation on December 7, 2010, with you and Bilingual Elections Coordinator Susan Williams concerning the expiration of the Consent Decree in the above referenced case. The Consent Decree, which enforces the bilingual election requirements of Section 4(f)(4) of the Voting Rights Act and the requirements of Sections 302(a) and (b) of the Help America Vote Act of 2002, is set to expire on December 31, 2010. See Consent Decree, Judgment, and Order, United States v. Galveston County, 07-CV-377, ¶ 22 (July 20, 2007). The Department of Justice has reviewed the County's efforts under the Decree to provide bilingual assistance to its Spanish-speaking citizens The Department has also reviewed the County's efforts under the Decree to provide provisional ballots to eligible voters and to ensure that HAVA-required information is posted during federal elections

During our December 7th conversation, the County said it would continue with the bilingual election program developed under the Consent Decree, including, among other things, its procedures for translating bilingual materials, its efforts to hire bilingual workers throughout the County, its establishment of a bilingual advisory group, and its use of a bilingual coordinator to oversee its program The County remains covered by the bilingual election requirements of Sections 4(f)(4) of the Voting Rights Act. We also noted that, as the County remains subject to the preclearance requirements of Section 5 of the Voting Rights Act, 42 U S.C. § 1973c. future changes to the bilingual program, including modifications to the formula establishing the number of bilingual workers hired for each precinct, must be submitted for review under Section 5 The County's current Spanish-language election procedures were precleared on November 18, 2009 in Submission Number 2009-3215

Since Galveston County was previously certified by the Attorney General for federal observers independently of the Consent Decree, we also discussed that the Department may still send federal observers to future elections in the County. See 61 Fed Reg 65,074 (Dec. 10, 1996).

In light of our review of the County's performance, the Department will not be seeking an extension of the Decree We appreciate the County's efforts to work with the Department during the duration of the Consent Decree. We look forward to working with the County in its future efforts to comply with HAVA and with the bilingual elections requirements of the Voting Rights Act. If you have any questions, please contact me at (202) 353-7738.

Sincerely,

Bert Russ

Enclosures Interlocal Agreement
Exhibit A

A Contract to Perform Governmental Functions and Services in Accordance With the Texas Government Code Chapter 791 Subchapter B Commonly Known as the Interlocal Cooperation Act

This **Interlocal Cooperation Act** Agreement is between the **County of Galveston ("County")**, and the City of Hitchcock **("Requesting Agency")** a political subdivision of the State of Texas.

Requesting Agency is in need of having work performed by **County's County Road Department** on various roads, parking lots, bridges and similar public works belonging to it located within its jurisdictional limits ("**Project**"). The estimated equipment to be used and the estimated work to be performed (including a 10% administrative fee) is specified in **Exhibit "A".** Each separate road, parking lot, bridge or similar public work will be a segment of the **Project.**

County is willing to perform the work upon the terms and conditions stated in this Agreement.

Requesting Agency has specified the work to be done and the materials to be used on the **Project.**

Now, Therefore, for and in consideration of the mutual covenants herein expressed, it is agreed as follows:

Unless otherwise noted in **Exhibit "A", County** agrees to furnish labor and equipment for the **Project**. The estimated cost is set forth in **Exhibit "A"**. This estimated cost will be adjusted to reflect actual cost upon completion of each segment of the **Project.**

The labor and equipment provided by **County** will be available only at such times and for

such periods of time as they are not needed for the maintenance of **County** owned and maintained roads or the performance of other **County** functions or obligations.

County will provide supervisory personnel to direct its operations.

County has no obligation to provide or furnish Requesting Agency with any other materials, supplies or any other item necessary or desirable for the performance of the **Project** other than the material, labor and equipment specified in **Exhibit "A".**

County's determination of the times and periods of time that its personnel and equipment are needed for other duties and times and the periods of time that its personnel and equipment are available for use on the **Project** is final.

Requesting Agency will monitor **County's** work on each segment of the **Project**, point out any deficiencies, if any, and request correction of such deficiencies prior to **County's** completion of work on the applicable segment. **County** will make such corrections as are reasonably requested **County** will not be responsible for correcting any deficiency that is not noted and requested corrected by **Requesting Agency** prior to completion of its work on the segment

Upon completion of each segment of the **Project** under construction, **County's** duties regarding such segment shall end.

Upon completion of the entire **Project** County will invoice **Requesting Agency** the actual cost of the labor (including an administrative fee of 10%) and equipment used. Alternatively, if there are a large number of segments to the **Project** County may opt to invoice **Requesting Agency** upon the completion of each segment. **Requesting Agency** will, in accordance with the terms of what is called the **Texas Prompt Payment Act**, issue a check to **County** in the amount specified for the completed **Project** or, in the case of segment invoicing, for the amount invoiced for the completed segment.

Requesting Agency will be responsible for all future maintenance of each segment of the **Project** as may be needed or required.

No provision of this Agreement shall be construed to impose, create or increase any liability to any third party whatsoever This Agreement shall not be construed to operate for the benefit of any third party.

County will not be responsible for damages to property or for injuries to persons driving upon or otherwise using or occupying any part of the **Project**. The County will not be responsible for damages to property or injuries to persons that may arise from or be incident to the design, construction, maintenance and use of any such part of the **Project**. Rather, as between **County** and **Requesting Agency, Requesting Agency** shall be so responsible.

This Agreement constitutes the sole and only agreement of the parties hereto and supersedes any prior understanding or written or oral agreement between the parties representing the within subject matter.

County will approve the **Project** by execution of this Agreement and by a **Commissioners' Court Order** as required by **Texas Government Code, §791.014.**

Both parties agree that:

1. each party to the contract has authorized the contract,
2. each party to the contract is paying for the performance of the contract from current revenues;
3. each party is paying fair compensation for the services or products rendered; and
4. each party to the contract is authorized by law to perform the functions or services to be performed under the contract.
5. nothing in this Agreement shall be construed to be for the benefit of any third party.

I'd like to place Freeman Mendell in the position currently held by Brian Maxwell His Pay Grade/Step will be 28/F which should be a salary of $ 111,285 68

I understand this can't be effective until Jan 1st the title will remain the same for now, just putting in the request

Also, after Workshop today, it appears Mr Wilson wishes to hire in new employees before the first of the year As I mentioned in a previous e-mail, and was stated in Commissioners Court last week, I ask that any new hire be held until Jan 1st Otherwise, they are subject to termination on Jan 1st

Thank you,

Mark

Re. Request for approval of Hiring Exceptions

Gentlemen

Significant staff changes in various offices are occurring as a result of newly elected officials taking office. The following are requested hiring exceptions to the current HR policy in order to get new management teams in place and prevent any interruption in services. An additional Reorganization Amendment for each department will follow on the next Commissioners Court agenda to complete various requested staffing changes and position realignments

For positions that are **Grade 19 or lower**, current policy requires that **new employees** be hired at Entry-Level (Step A). [HR Policy Manual· Chapter 7, Section 4, Part D] The following are requested exceptions to that policy,

Position	Budget	In Policy	Requested	Impact
District Clerk:

Dear Sirs;

In order to allow for the possible reorganization and movement of employees by newly elected officials after January 1, we are requesting that the impacted departments be exempt from the mandatory 4 pay period vacancy policy through January 31st

Due to the impact of the election of the new County Clerk from the Treasurer's office, we would further ask that that this would allow the same exemption for that office in hiring of a new Assistant County Treasurer.

Subject. Supporting Paperwork - Proposed Order on consideration of outdoor burn ban for Bolivar Peninsula
Attachments: Propo001 pdf, Reque001 pdf, Gover001 pdf

Hi County Judge and Commissioners,

Attached please find a proposed order for consideration at tomorrow's Commissioners' Court Meeting As well, in the event you wish a copy, we have also attached a copy of the Governor's proclamation of disaster covering 244 Counties and the request from the High Island Volunteer Fire Rescue

The Order, as presently written, is drafted to go into effect immediately The County has very low KBDI numbers Therefore, the proposed order is not based on a finding of drought conditions pursuant to the KBDI Instead, the Order is based on the other "circumstances" prong of Section 352 081 of the Local Government Code

Under the statute governing the issuance of burn bans by a county, a burn ban order remains in effect for 90 days after the date of adoption, unless the order is lifted earlier by subsequent order of the Commissioners' Court In order to lift the ban earlier – the subsequent Order will require a finding by the Commissioners' Court that the circumstances no longer exist

The Governor's proclamation is not the issuance of a burn ban for any county It is a declaration of state of disaster, which enables the State to rapidly mobilize and move resources (including, if need be, to commandeer resources – which enables the TDEM to mobilize resources, including local resources, from other areas of the State into an area suffering a wildfire)

The proposed order mentions three fires as well as the Chambers County fire This is because subsequent to the request from HIVFD, another wildfire occurred affecting SH 87

The Commissioners' Court is only authorized under Section 352 081 to issue a burn ban for all or part of the **unincorporated** areas of the County. The proposed Order pertains to only a part of the unincorporated area of the County – Bolivar Peninsula When the County has issued burn bans in the past, we have fielded several calls from folks who think it applies in incorporated areas – it does not – Section 352 081 only provides authority for a commissioners' court to issue an order prohibiting or restricting outdoor burning in unincorporated areas

Finally, the attached Order is only a proposed Order – so, if the Commissioners' Court wishes changes to the order, we will make those changes

I hope this information is helpful to you

Ref Burn Ban for the Bolivar Peninsula

Mr Simsen and Mr Wisko,

High Island Volunteer Fire Rescue, located on the extreme west end of the Bolivar Peninsula, is requesting a burn ban to be declared for the Bolivar Peninsula

This request is due to the current extreme dry conditions that have resulted in two very large brush/grass fires on the Bolivar Peninsula

One fire located in High Island, Texas three weeks ago, in the marsh area along the Northeast Oilfield Road that burned approximately 35 acres, smoking up and causing numerous complaints and health problems for people in High Island with medical complications Due to the marsh area, most to the area was inaccessible to trucks or equipment, so most of the fire was unfortunately allowed to burn This marsh fire came close to setting fire to several oilfield tank batteries and caused traffic problems to State Highway 124 due to smoke crossing the roadway

The other one was in Port Bolivar, Texas a couple of weeks ago This one involved approximately 40 acres and took the combined effort of all volunteer fire departments, Port Bolivar, Crystal Beach, and High Island, two days to extinguish Most areas were in a marsh area that was inaccessible to trucks and equipment This one burned close to several residential structures and the area around a large communication site/tower

As you know, most of Texas is in a burn ban proclamation declared by Governor Perry for most counties From what I am seeing, Galveston County is in the burn ban declaration area But it was found out that the local governing bodies of each county must declare the burn ban to be placed in effect and to be enforceable

High Island and the Bolivar Peninsula have experienced several small rain showers recently, but this is only a short term solution to the ongoing long term conditions With the dry and dead brush/grass along the Bolivar Peninsula, these little showers do nothing to help except wet down the top layer which quickly dissipates with the current dry weather conditions

For this reason, High Island Volunteer Fire Rescue is asking a burn ban for the Bolivar Peninsula to be enacted I know this is not going to help with the New Years aerial fireworks which might and could cause a majority of our fire situations over here on the Bolivar Peninsula for the next week, but this burn ban could possibly help with future fires that may happen on the Bolivar Peninsula with the dry conditions

If any additional information is needed, please contact either High Island Volunteer Fire Rescue Fire Chief Orbin Thompson @ 409-599-6116 or President Robert L Isaacks Jr @ 409-466-1928

Sincerely,

Robert L Isaacks Jr
